Industries and Power Department

Office of the Electrical Inspector

Public Notice

It is hereby notified in the interest of the public that as per the existing Indian Standard and Indian Electricity Rules, the plug socket-outlets provided in the lighting/power installations should be of *Three Pin Type* and the third pin permanently and efficiently earthed.

During the recent investigation of a fatal electrical accident which resulted in the death of a boy aged 14 years inside a domestic lighthning installaton, it was observed that all the plug socket-outlets provided in this installation were of 2 pin type.

In order to avoid danger to human life and property the public are hereby requested to fix up only 3 pin plug socket-outlets in their installations for all the installations wired up after 5th June 1963.

They are also requested to see that the switches provided for the outlets should be on the live line and not on the neutral. This may be enforced on the licensed electrical contractors/supervisors/Wiremen, who undertake the wiring work.

Panaji, 23rd September, 1972. — For the Electrical Inspector, *J. Albert D'Souza*.
